Our Methods

Many ask why we can sell such quality so cheap. Because we KEEP down advertising costs. Two inch double column advertising all over America and fancy catalogs, cost money. We use little space in the papers, small circulars, no frills, or puffs or show, except in the quality of GOODS we send out. Many spend three times as much for advertising as we do and sell less chicks and charge much more for the equal of our quality. Our many repeat orders speak for our quality chicks.

TERMS—Cash with order. If orders are placed 40 to 60 days in advance, 1-3 cash with order and balance 15 days before chicks are to be shipped.

REFERENCE, Postmaster, Rulo, Nebr., or the Paper you saw carrying our Ad.

GUARANTEE—We guarantee 100 percent live delivery and will settle at once if you will have Postmaster or R. F. D. Carrier count with you the live and dead chicks and mail to us within 24 hours his statement showing the number of dead and the number of live chicks in shipment.

REMITTING—Use your own Check when you can. Otherwise P. O. Money Order or Bank Draft or Registered letter will do. When writing about an order please give its NUMBER so we can find it. State kind and Number of Chicks ordered also.
